Acceleration
allowable, 262, 1327
angular and disorientation, 29, 38, 659
avian bone development, 1219
cardiovascular system stress, 279, 768, 1308, 1327
cartilage zone development in birds, 489
coronary blood flow, 1308
detection of roll motion, 657
electrocardiographic changes, 972
head mass and injury, 123, 196, 205
head-neck responses, 211
helicopter vibrations, 253
impact, 224
intolerance, 76, 377
linear motion detection, 679
pulmonary blood flow distribution, 768, 1308
seated subjects and increasing, 287, 377, 1327
sensitive aircrew, 1009
thoracic impact, 129, 146
tolerance and seat angle, 377, 1327
tolerance in female subjects, 886
vibration and intracranial pressure, 244, 304, 325, 1327
Z-axis rotation, 484
Accidents
aircraft injuries, 191, 1225
cardiovascular incapacitation, 1225
emergency mental health services after, 1004
fatal, 1226
general aviation, 1225
hypothermia treatment, 426, 692
proneness, 827
spatial disorientation, 1080
Acclimatization
altitude and thermoregulation, 707
EEG patterns, 968
hypoxia and blood changes, 952
to heat, 710
Adaptation
cross-coupled stimulation, 1275
head movements and rotation, 1
hypergravity, 1331
visual, 702
Adrenal
beta-adrenergic antagonists, 861
cortical activity in sleep deprivation, 1271
vein catecholamine levels, 573
Aerospace Medicine
aeromedical evacuation, 637
atrial fibrillation, 624
bleeding duodenal ulcer, 1231
contact lenses, 73
evaluation of acceleration sensitive aircrew, 1009
flight phobia, 1115
flying and drinking, 390
hydrazine propellant toxicity, 593
hypertension, 78, 503
laryngeal problems, 1347
longevity of military pilots, 1120
ozone and skin cancer, 512
prevention of motion sickness, 915
Aerospace Physiologists Communication
self-imposed stress, 519
Aircraft
accident injuries, 191, 1004
Concorde and cosmic rays, 419
emergency egress injury, 150
heat stress index, 5
noise and speech intelligibility, 466
operations, 5
ozone detection, 1056
performance characteristics, 613
spatial disorientation accidents, 1080
subsonic and cosmic radiation, 610
visual detection of take-off, 395
Aircrew
acceleration sensitive, 1009
bleeding duodenal ulcer, 1231
civilian pilot physical defects, 422
helicopter pilot fatigue, 430
injuries, 191
longevity of military pilots, 1120
operations, 5, 920
ride quality reactions in Concorde, 905
spatial disorientation accidents, 1084
treatment for hypertension, 503
workload evaluation, 920, 1197
Airline
cosmic radiation in subsonic transports, 610
oxygen mask evaluation, 835
passenger reactions in Concorde, 905
radiation in Concorde flights, 419
Air Traffic Control
experience assessment with occupational knowledge test, 1155
stress in personnel, 724
training programs, 1203
vigilance in radar task performance, 1215
Alcohol
pilot rehabilitation, 729
pilots' attitude toward, 390
Altitude
acclimatization, 707, 952, 968
arterial blood gases, 829
decompression, 366, 1350
detection during night landing, 1047
explosive decompression, 599
hypoxia and smoking, 785
hypoxia prevention, 496
long-hose effects, 373
lung function studies, 1188
male and female exercise response at, 415
pituitary gonadotropins, 356
plasma testosterone concentrations, 356
soft contact lenses, 73
tolerance, 1123
Amino Acid
heat stress, 783
supplement and human performance, 1184
Analytical
evaluation of pilot workload, 1197
population studies between high and low altitude, 1188
Anthropometry
hand grip strength, 1323
studies in Andean residents, 1192
Apollo
Soyuz fish experiments, 576
Apparatus
peripheral vision studies, 699
Armstrong Lecture, 495
Atmosphere
tobacco smoking in submarines, 851
Attitudes
passengers after Concorde flight, 908
Auditory
canal temperatures, 694
Avian
fracture trauma and treatment, 1219
Aviation
motion sickness, 914
passenger flights in Concorde, 908
speech intelligibility in headsets, 466
visual-vestibular interaction, 880

B

Bedrest
plasma cortisol rhythm in females, 888
Behavior
after ionizing radiation exposure, 868
hydrazine propellant effects, 593
sleep patterns and work shifts, 384
Beta-Adrenergic
antagonists and thermogenic drinking, 861
Biochemistry
mechanism of oxygen toxicity, 699
studies on Salyut-4 flight, 1074
Biodynamics
brain injury research, 136
fluid-filled shell model, 116
head-helmet crash impact, 114
head-neck models, 205, 211, 224
models, 111
model of parachutist, 178
thoracic impact injury, 125, 148
vibroisolation systems, 257
windblast forces, 183
Bioengineering
biodynamic models, 111
brain injury research, 136
electromyographic data analysis, 14
female ripcord release, 1181
head-helmet crash impact, 114
head-neck accelerations, 224
liquid conditioned clothing, 995
mechanical ventilator evaluation, 375
ozone analyzer, 1058
pilot workload measurement, 810
skin temperature telemetry, 1352
thorax impact, 148
Biorhythms
hormone secretion, 58
Blood
adrenal vein catecholamine levels, 573
arterial-venous shunts in pulmonary flow, 773

diving bradycardia, 1267
incapacitation in general aviation, 1225
output studies, 757, 774
Case Reports
acceleration sensitive aircrew, 1010
accidental severe hypothermia, 426
aircraft accident injuries, 191
atrial fibrillation, 624
disseminated melanoma, 1343
helicopter transport of patients, 1229
intracardial gas bubbles, 1350
motion sickness, 914
obsessive-compulsive personality, 827
psychogenic G-force intolerance, 76
Catecholamine
excretion in cold, 62
excretion in sleep deprivation, 1271
levels in adrenal vein, 573
thirst inhibition, 886
Cells
brain cell vacuolation in fruit fly, 588
capillary fragility, 1295
growth in hyperbaric oxygen, 956
hypergravity and survival, 1331
mass in hypobaric hypoxia, 896
muscle fiber changes with centrifuge, 792
red and hypoxia, 953
red survival on Cosmos-782, 66
Centrifugal
force and muscle fiber changes, 792
force and pulmonary blood flow distribution, 768
testing of G-sensitive aircrew, 1011
Cerebrospinal Fluid
hyperoxia studies, 965
Circadian Rhythm
body temperature studies, 671
hypoxic stress effects, 1087
passenger reactions to flight in Concorde, 910
sleep patterns and work shifts, 384
Circulatory
capillary fragility, 1295
changes with LBNP, 1304
changes with pressure breathing, 754
coronary blood flow, 1308
function and exercise in smokers, 789
pathology in hyperbaric oxygen, 893
peripheral resistance studies, 759
pulmonary blood flow, 768
responses in cold water immersion, 976
response to heat acclimatization, 710
vasodilation and decompression sickness, 759
Clinical Aviation Medicine
abnormal EEGs, 732
aeromedical evacuation, 637
air traffic controller assessment, 1155
alcohol-addicted pilot rehabilitation, 729
aldactazide and hypertension, 503
altitude decompression, 1350

spatial orientation, 798
Toxicity
blood-brain barrier in hyperbaric conditions, 890

hydrazine propellants, 591
hyperoxia, 470, 587, 877
liver metabolism and oxygen, 980
oxygen and CNS involvement, 877
paraquat, 805
protection against oxygen, 665
tobacco smoking in submarines, 851
Tracking
illusionary movements, 1277
visual performances, 565
Training
air traffic controllers, 1155, 1203
anxiety in student pilots, 406
flight and ground school, 947
psychological states in male and female recruits, 603
task specific simulator, 1107
Treadmill
exercise and effect of long hoses, 371
tests in treatment for hypertension, 509

U

Ultrasound
blood gas bubble detection, 1314
effects on intestinal muscle, 607
Underwater Medicine
ammonia metabolism and hyperbaric stress, 1093
blood-brain barrier in hyperbaric conditions, 890
bubble formation, 358, 1314
capillary fragility, 1295
carboxyhemoglobin levels, 851
circadian rhythm of temperature, 671
circulation and decompression sickness, 759
decompression sickness and CO_2 levels, 349, 1168
diving bradycardia, 1267
fatigue in working divers, 1160
gas exchange in decompression, 1168
hyperbaric oxygen and lung damage, 70, 470
hyperoxia and brain metabolic effects, 470, 877
hypothermic casualties, 694
liver metabolism, 980
mechanical ventilator evaluation, 375
nitrogen narcosis, 959
temperature measurements, 641
testicular growth, 1337
transport of decompression sickness patients, 1229
vision in water-immersed eye, 1173
yeast pathogen growth, 1212
Urea
secretion in Salyut-4 flight, 1074
Uric Acid
secretion in Salyut-4 flight, 1074
Urine
catecholamine secretion in cold, 62
chemistry in air traffic controllers, 725
cortisol and stress, 53, 887
electrolyte secretion in cold, 62
excretion of triiodothyronine and thyroxine, 58
sodium and potassium loss in heat, 461
steroid excretion in sleep deprivation, 1271
testosterone excretion, 356

V

Vehicle
aircraft workload for pilot, 818
visual detection of take-off, 395
Ventilation
during decompression sickness, 354
gas exchange and LBNP, 1298
hypocapnia and performance, 943
male and female at altitude, 415
Vestibular
control of eye movement, 557
Coriolis cross-coupling effects, 29
detection of body motion, 657, 679
disorientation training, 947
interaction with visual mechanisms, 340
motion sickness susceptibility, 1281
recumbent rotation, 484
stimulation adaptation, 362, 1277
visual interaction, 880, 1277
Vibration
allowable accelerations, 265
effect on muscle tension, 16, 1327
feedback via hands and head, 304
helicopter, 253
human performance, 321, 325, 1327
intracranial pressure and head motion, 240
non-sinusoidal, 1327
Vision
adaptation to sensory rearrangement, 362, 657
color defects in civilian pilots, 423
cues and spatial orientation, 802
detection of aircraft take-off, 395
during angular oscillation, 340
heterophoria, 737
illusions during night landing, 457, 1043
luminance thresholds, 1173
monocular peripheral vision, 698
perception in simulated night landing, 1043
performance in oscillation, 342
scans and pilot workload, 818
soft contact lenses, 73
target acquisition, 567, 703
tracking performance, 565, 702
vestibular interaction, 880
vestibular interaction and eye movement, 557, 657, 683
whole body motion effects, 36, 657, 679
Vitamins
deficiency, 1014
influence on growth in hyperbaric conditions, 47
supplements and human performance, 1184
Voice
hypocapnia and transmission, 943
Volume
air in decompression, 367
blood and hypoxia, 953
blood and water deprivation, 992
leg and LBNP, 1298
stroke and pressure breathing, 757

W

Water
and electrolyte supplement in heat with exercise, 461, 783
balance in heat stroke, 783
balance in hypobaric hypoxia, 896
deprivation and erythropoiesis, 990
immersed eye luminance threshold, 1173
intake in heat, 861
loss due to sweating, 462
Weightlessness
Cosmos-782 flight, 19, 66
Cosmos-690 flight, 44
effect on hatching of fish eggs, 576
erythrocyte survival, 66
radiation exposure, 45
science news note, 1235
Workload
air traffic controllers, 724
capacity and training, 603
circadian rhythm studies, 674
EEG changes, 1197
fatigue in helicopter pilots, 430
flight conditions, 920, 1197
hypoxia and smoking, 786
in heat, 1102
in pilots, 630, 920
male and female at altitude, 415
measurement in pilots, 810
parachute ripcord release, 1177
severe and sleep loss and performance, 1065
shifts and sleep patterns, 384
vitamins and amino acid supplement effect, 1184

X

X-Ray
Concorde flights, 419
subsonic aircraft, 611

Y

Yaw
control of eye movements, 557
Coriolis cross-coupling effects, 31
detection of body motion, 657
motion on human operator, 328
Yeast
pathogen growth in hyperoxia, 1212
You're the Flight Surgeon, 440, 646, 840, 1022, 1240

Aerospace Physiologists Report—101, 451, 652, 1249
Book Reviews—744, 839, 928, 1022, 1131
Excerpts from the Casebook of Jason Harbro, M.D., AME—91, 441, 524, 645, 743, 838, 927, 1020, 1129, 1239, 1358
FAA Questions and Answers for AME's—90, 439, 523, 644, 742, 837, 926, 1019, 1128, 1238, 1357
Flight Nurse Section News—452, 552, 654, 846, 1142, 1255, 1363
In Memoriam—108, 456, 556, 656, 752, 850, 1041, 1151, 1263, 1368
Letters to the Editor—1126, 1237
Medical News—94, 444, 548, 648, 746, 842, 930, 1023, 1134, 1242, 1360
New Members—108, 453, 556, 656, 752, 842, 941, 1040, 1151, 1263, 1368
News of Members—106, 454, 554, 655, 751, 848, 940, 1038, 1150, 1262, 1367
President's Page—93, 443, 524, 647, 744, 841, 929, 1241, 1359
Space Medicine Branch Report—102, 449, 1248
USAF Flight Surgeons Report—651, 750, 938, 1036, 1141
Wives' Wing News and Notes—100, 450, 551, 653, 847, 1034, 1144, 1251
You're the Flight Surgeon—440, 646, 840, 1021, 1240

Index to Subjects

Aerospace Medical Association
1978 Meeting—advance program, 526; amendments proposed, 444; annual awards, 932p, 1023, 1026p; Armstrong Lecture, 548p, 1029p; Bauer Lecture, 648p, 1031p, 1037p; call for films, 445; committees, 446; civil air ambulance panel, 1033; committee chairmen, 547p; election, 931p; Executive Council news, 94, 95, 930, 1029p; Fellows, 1033p; Honors Night, 1026p; minutes of business meeting, 1134; President's biography, 746; President's Reception, 548, 1133p.
1979 Meeting—award nomination request, 1023, 1148, 1247, 1361; call for papers, June v, July viii, 1039, Sept. vi, Oct. i
Aviation, Space, and Environmental Medicine—Editorial Board changes, 549; news coverage memo, in this issue; statement of ownership, management, and circulation, in this issue
Officers and Executive Council, 1977—Jan. vii, Mar. viii; 1978—1028, Oct. vii
Standing Committees—1242
Statement of Income and Expenses for 1977—849
Aerospace Physiologist Society—101, 451, 649, 652, 842p, 1037, 1249, 1257
Aerospace Medical Association of the Philippines—1260
Airlines Medical Directors Association—843p, 1261
Air Transport Medicine Committee—1146, 1242
Alpha Aviation—1032
American Academy for the Advancement of Science—104
American Astronautical Society—1140
American Academy of Forensic Sciences—936
American Board of Preventive Medicine—1253
American College of Physicians—939
American College of Surgeons—1252
American Heart Association—1256
American Institute of Aeronautics and Astronautics—103, 845p, 1032p
American Medical Association—1253
American Urological Association—104
Armed Forces Institute of Pathology—104, 555
Association for the Advancement of Medical Instrumentation—1256
Aviation Medical Association, Republic of China—1260
Aviation Safety Committee—96, 1242, 1360
Associate Fellows—103, 1246
Awards Committee—1242
Canadian Society of Aviation Medicine—1029, 1364, 1365
Cardiopulmonary resuscitation—749p, 1035p
Civil Aviation Medical Association—99, 847
Clinical Engineering Journal—104
Commemorative volume—1246
Constitution and By-Laws Committee—1243
Corporate and Sustaining Membership Committee—1147, 1243
Continuing Professional Education course—1140, 1152, 1264
Diving Medicine Course—650
Education and Training Committee—1243, 1259
Environmental Safety Committee—1243
Federal Aviation Administration—104, 749, 1143, 1261, 1360, 1364
Fellows—939, 1148
Flight Nurse Section—452, 552, 654, 843p, 846p, 1142, 1255, 1363
Florida Aviation Journal—746
Flying Physicians Association—103, 449, 549
German Society of Aviation and Space Medicine—550p, 553, 1035p, 1365
Golden Anniversary projects—94
History and Archives Committee—1246
Human Factors Society—1256
International Activities Committee—1243
International Astronautical Congress XXIX—650, 1254
International Congress of Aerospace Medicine—104, 1029
Joint Committee on Aviation Pathology—1140
Latin American Association of Aviation and Space Medicine—930, 1037p, 1140
Life Sciences and Biomedical Engineering Branch—648p, 842, 1257
Long Range Planning Committee—1245
Membership Committee—1245
Microwave radiation—105, 447
National Aviation and Space Administration—103, 651, 748, 752p
North Atlantic Treaty Organization—650
National Board of Pediatric Nurse Examiners—99
National Bureau of Standards—1143
National Research Council—650
National Transportation Safety Board—650, 746, 937, 1252
Naval Aerospace Medical Institute—1262
Navy Environmental Health Center—1366
Noise control—104, 747, 1360
Nominating Committee—1245
North American Air Amblance—748p
Nuclear Medicine Congress—845
Nursing grants—1261
Occupational Health Congress—849
Occupational Safety and Health Research Grants—649
Pittsburgh Conference on Modeling and Simulation—104
Professional Patient Transportation—1032
Resolutions Committee—1245
SAFE Association—848p, 1143, 1252
Schedule of Annual Meetings—447, 655
Science and Technology Committee—1146, 1245
Site Selection Committee—1246
Society for Biomaterials—1246
Society of NASA Flight Surgeons—930, 1140
Society of U.S. Air Force Flight Surgeons—550, 651, 750, 842p, 938, 1036, 1141, 1259, 1361
Society of U.S. Army Flight Surgeons—930, 1037p
Society of U.S. Navy Flight Surgeons—844p, 1037p, 1260
South African Aerospace Medical Society—649
Space Medicine Branch—102, 449, 843p, 1029p, 1248, 1258
System of Cooperation Between the American Air Forces—1246p
Special Committee for the 50th Anniversary—1246
Underseas Medical Society—1252
Uniformed Services University of the Health Sciences—550, 748
University of California—1252
U.S. Air Force—747, 1031, 1250
Western Occupational Health Conference—931
Wives' Wing—450, 551, 653, 847, 1034, 1035p, 1144, 1251
Wright State University—656, 747, 1366
Yugoslav Astronautical and Rocket Society—1140

Index to Names

A

Ackles, Kenneth N.—1150p
Adamson, G. Douglas—940
Ades, Harlow W.—656
Agosti, Orlando Ramon—1246p
Aguilera, Orlando Zeledon—1246p
Alderman, Ernest—1037p
Alderwick, T. E.—1029p
Allard, Andre—445p, 1041
Allen, Clare..ce R.—1367
Amezcua-G., Luis A.—1037p, 1040, 1140
Anderson, Charles L.—1367
Anderson, Courtney W.—455
